

Private Voice Lesson Information - 2018

SCE Choir students and parents:

I am pleased to offer this list of professional voice teachers who are ready to work with the students of our program! The partnership of singing in choir and individual private study is tremendously valuable one which can be witnessed through our strong choral, musical, and solo performances. We currently have over 30 students who have studied privately.

Our choir classes at SCE are designed to help voices in a group setting and to build strong ensemble singers and quality choral ensembles. They are limited in the amount of individual feedback that can be offered. Voice study is highly recommended as it is a way to accelerate a student's growth and tap the full potential of their own voice.

Voice lessons are a supplement to the training received at SCE by which one can expect to develop:

- 1) Better breathing technique and support
- 2) Better musicianship
- 3) Better projection, diction, and tone, and
- 4) more confidence!

The attention received from one on one instruction tailored to individual vocal needs can make a marked difference in vocal development. **[Lessons are highly recommended by not required]**

If you decide to move forward with this wonderful opportunity, I encourage you to contact one of the teachers listed below as soon as possible. I have spoken with each one of them personally and they all are excited about the opportunity to get to work with you. When you speak with them they will provide you with their policies regarding attendance at lessons, materials, etc. The individual teachers will also discuss scheduling times for lessons; generally the student and teacher will meet once per week.

Each teacher will operate a bit differently. Some will work out of their home studio and some will have lessons here at SCE or at a music building in the area. For those lessons that are scheduled during the school day, times during lunch, study hall, or choir should be arranged. Lessons may also be scheduled after school.

Please do hesitate to contact me with your questions!

Sincerely, Cory Jones cory.jones@d303.org
